"(2) such officer or agency determines that such space will be used to provide child care and related services to—

"(A) children of Federal employees or onsite Federal contractors; or

"(B) dependent children who live with Federal employees or onsite Federal contractors; and

"(3) such officer or agency determines that such individual or entity will give priority for available child care and related services in such space to Federal employees and onsite Federal contractors.";

(2) by adding at the end the following:

"(e)(1)(A) The Administrator of General Services shall confirm that at least 50 percent of aggregate enrollment in Federal child care centers governmentwide are children of Federal employees or onsite Federal contractors, or dependent children who live with Federal employees or onsite Federal contractors.

"(B) Each provider of child care services at an individual Federal child care center shall maintain 50 percent of the enrollment at the center of children described under subparagraph (A) as a goal for enrollment at the center.

"(C) If enrollment at a center does not meet the percentage goal under subparagraph (B), the provider shall develop and implement a business plan with the sponsoring Federal agency to achieve the goal within a reasonable timeframe. Such plan shall be approved by the Administrator of General Services based on—

"(i) compliance of the plan with standards established by the Administrator; and

"(ii) the effect of the plan on achieving the aggregate Federal enrollment percentage goal.

(2) The Administrator of General Services Administration may enter into public-private partnerships or contracts with nongovernmental entities to increase the capacity, quality, affordability, or range of child care and related services and may, on a demonstration basis, waive subsection (a)(3) and paragraph (1) of this subsection."

(b) **PAYMENT OF COSTS OF TRAINING PROGRAMS.**—Section 616(b)(3) of such Act (40 U.S.C. 490(b)(3)) is amended to read as follows:

Any agency, department, or instrumentality of the United States that provides or proposes to provide child care services for children referred to in subsection (a)(2), may reimburse any Federal employee or any person employed to provide such services for the costs of training programs, conferences, and meetings and related travel, transportation, and subsistence expenses incurred in connection with those activities. Any per diem allowance made under this section shall not exceed the rate specified in regulations prescribed under section 5707 of title 5, United States Code."

"(2)(A) Notwithstanding any other provision of law, if a Federal agency does not have a child care program, or if the Administrator of General Services has identified a need for child care for Federal employees at an agency providing child care services that do not meet the requirements of subsection (a), the agency or the Administrator may enter into an agreement with a non-Federal, licensed, and accredited child care facility, or a planned child care facility that will become licensed and accredited, for the provision of child care services for children of Federal employees.

"(B) Before entering into an agreement, the head of the Federal agency shall determine that child care services to be provided through the agreement are more cost effectively provided through such arrangement than through establishment of a Federal child care facility.

"(C) The agency may provide any of the services described in subsection (b)(3) if, in exchange for such services, the facility reserves child care spaces for children referred to in subsection (a)(2), as agreed to by the parties. The cost of any such services provided by an agency to a child care facility on behalf of another agency shall be reimbursed by the receiving agency.

"(3) This subsection does not apply to residential child care programs."

An agency head may extend a pilot project for an additional 2-year period. Before any pilot project may be implemented, a determination shall be made by the agency head that initiating the pilot project would be more cost-effective than establishing a new child care facility. Costs of any pilot project shall be borne solely by the agency conducting the pilot project.

"(2) The Administrator of General Services shall serve as an information clearinghouse for pilot projects initiated by other agencies to disseminate information concerning the pilot projects to the other agencies.

"(3) Within 6 months after completion of the initial 2-year pilot project period, an agency conducting a pilot project under this subsection shall provide for an evaluation of the impact of the project on the delivery of child care services to Federal employees, and shall submit the results of the evaluation to the Administrator of General Services.
